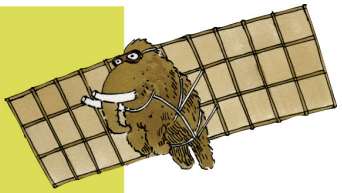
CURRIER MUSEUM of ART

Building Books: The Art of David Macaulay

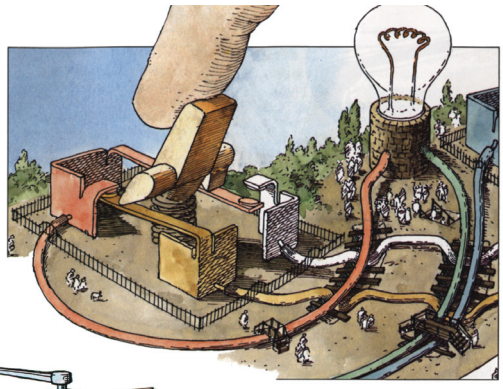
MARCH 7 - JUNE 14, 2009



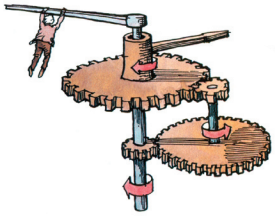
Educator Workshop

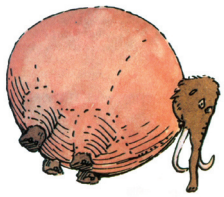
Mills, Machines, and Macaulay: The Art and Science of The Way Things Work

Wednesday, March 18
9 am-3 pm

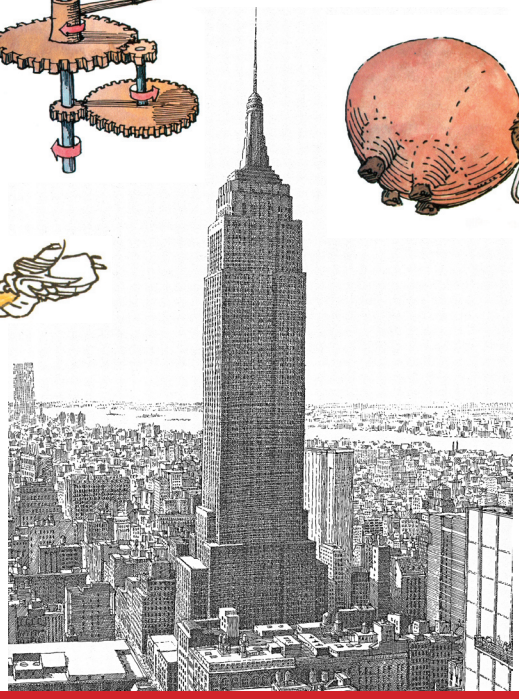


Art, history, science, and engineering come together at this lively workshop co-hosted by the Currier and the SEE Science Center. Spend the morning at the exhibition, *Building Books: The Art of David Macaulay*, and a hands-on afternoon at the SEE Science Center focusing on physical sciences, simple machines, and the LEGO Millyard.





This is a great opportunity for cross-curricular connections!



Appropriate for K-12 grade art and classroom educators. Refreshments, lunch, and teaching materials will be provided. Space is limited and RSVP required.

$65 Currier educator members
$85 non-members

Registration deadline is March 3. Call Jeffery Smith at 603.669.6144 x113 or email jsmith@currier.org to register today!

Special School Tours

Book your school group's visit to see *Building Books: The Art of David Macaulay*, and enjoy docent led tours of the exhibition, a post-tour hand-on art activity in our studio classrooms, take a break for lunch, and then head over to the SEE Science Center for a special multidisciplinary, collaborative tour to help further your student's understanding of the way things work!

For more information and to schedule tour programs, please call Jeffery Smith at 603.669.6144 x113 or email jsmith@currier.org.
