This webinar will introduce school officials to the 2010 New Hampshire air quality laws, [RSA 200:11-a](#) and [200:48](#), and how they apply to school facility management. You will learn why the laws were created and how your school(s) can fulfill the requirements. You will also hear about NH resources available to schools to help with these new requirements. Lastly, the webinar will showcase one school's implementation of indoor air quality measures using low cost or no cost strategies.

This is a webinar you can't afford to miss!

Presenters:

- **Eugene Benoit:** US Environmental Protection Agency, Region I- Indoor Air Quality and Tools for Schools Program- The importance of IAQ; EPA's perspective
- **Ed Murdough:** New Hampshire Department of Education, Bureau of School Approval and Facility Management- What do the new laws mean, what is the checklist, and what resources are available?
- **Dan LeGallo:** Lamprey River Elementary School, Principal- One school's success story!
